Bejeweled 2 deluxe full version free

Anyone who plays the original Bejeweled will remember one thing - how addictive it is - and luckily Bejeweled 2 Deluxe serves more of the same, but with even better graphics and sounds. The main difference with this and the original is that there are more game modes to choose from and tons of hidden features like exploding gems and power-up gems. This is a classic match-3 game where you just need to match 3 gems to finish the line and clear the board. Okay, the graphics aren't exactly brilliant (they're hardly much better than the former with brighter graphics and better special effects), but it's just gameplay that will keep you a supporter of this game. The same principle has given Tatrice that it's attractive that he works here. At the end of the day you only see the stones disappear from the screen, but it's a challenge for your coordination, hand speed and race with the clock that combines to make this game a winner. This is not to mention the sounds that give the game a classic arcade feel from the satisfying clinching sound that radiates while clicking on shiny gems to promote excellent! and Amazing! shrieks that accompany their best shin circles. A highly addictive match-3 game with simple graphics but awesome sound effects that will stick you on your screen. Take the classic gem-swapping game of euphoric new vistas! Adapted from its predecessor, Bejeweled 2 has four unique ways to play. Solve handmade conundrums in puzzle mode until you face the clock or relax, relax and enjoy endless mode. With awe-inspiring planetary backdrop, explosive new gems and dazzling special effects, Bejeweled 2 is wilder addictive than ever! Addictive gameplay Great sound effects Extremely addictive Easy to learn and easy to play multiple modes that provide different challenges ingresses available if you get suck Cons Repetitive gameplay No option to create difficulty would Bejeweled eventually get better? Here's the answer! Bejeweled 2 Deluxe has all the best features of Bejeweled, and much more! The main game remains the same: swap two adjacent gems to match three or more in one row or column and make them disappear. Red, orange, yellow, green, blue, purple and white - there are seven vibrantly colored types of jewelry. Fun, fast-paced, and captivating, Bejeweled 2 Deluxe will dazzle you! 4 great game modes, including 2 all new ones! Bejeweled 2 is full of pleasure and value and includes the following modes: Classic mode gives you the easiest way to play Bejeweled 2 Deluxe. Just like the original Bejoubel! In action mode, timer race. Successful moves add valuable seconds, but if it takes you too long, the game is over! For a more relaxed gameplay, try Endless mode, which is as it sounds - endless! Play a marathon game of Bejeweled 2 Deluxe and defy your friends to beat your high score. Last but not least, puzzle mode presents you with different different brain arrest. Clear all gems to solve the puzzle and move on to bigger and better ones! Extremely addictive game anyone who has played Bejeweled knows how playful and fun it is. Simplicity is such a fun and huge way to provide stress or a cure for boredom. You never played Bejel? It's okay! Bejeweled 2 Deluxe includes simple and easy instructions that show you how to play any type of game. New features of Bejeweled 2 – Match 4 gems in a row and you get exploding Power Gem, while 5 in a row creates a Hyper Cube that can clear the board of whole color! For additional points, clear multiple sets at once and cause cascading chain reactions. Stretch your mind and think in new ways to create matches, combinations, and huge point bonuses! Attractive colors and bright animations, coming to life with clear, clear graphics, every aspect of Bejeweled 2 Deluxe looks great, but here there is much more to see at first glance. As you navigate through the levels in each form, they will be transported to very distant alien planets from time and space. See the breathtaking natural backdrop of mountains, beaches, and starry skies as you play the game! Children and adults can enjoy Bejeweled 2 Deluxe! The combination of bright colors and dynamic gameplay in Bejeweled 2 Deluxe can fascinate players of all ages for hours. This is a great family game, so be sure to let someone else have a chance from time to time! If that's not enough, the all-new music in the game will add to your experience. This is an excellent Bejeweled 2 game really is the complete package for a fun, easy to learn and highly addictive game experience. Whether you're a fan of the original or just love puzzle games in general, Bejeweled 2 Deluxe can be just perfect for you – there's only one way to find out! See for yourself all this game has to offer and download Bejeweled 2 Deluxe today! Bejeweled 3 was also recently released. - Review by Brandon Bejeweled 2 Deluxe is a delightful puzzle game in which you need to match gems in line to form a group of three or more. Simple gameplay and controls make it something that would be a great choice for anyone to play. There are several game modes available instantly for some variety, as well as a handful of hidden game modes to unlock. Bejeweled 2 Deluxe is an incredibly addictive game that can keep you playing for hours at a time. Basic Gameplay in Bejeweled 2 Deluxe, you have a network that is full of different types of gems. Your goal is to match three or more of one type of gemstones in a horizontal or vertical line. You need to do this by replacing gems with each other. Swapping gems can only be done between two gems at once and causes them to switch positions if the swap will create a match. You can gemstone with another gemstone that is just above, below, left or right of it. It may sound a little complicated, but it's pretty simple in practice. Matching more than three gemstones at once can give As a power stone for a match of four that explodes and destroys other gems. A lot of strategy can come into play in trying to get bigger matches, or create multiple matches in one move. Gradually Increase difficulty While Bejeweled 2 Deluxe contains levels, there is little difference between them. All levels are just random selection and placement of gems on the game grid (except puzzle mode). Different background or slightly higher difficulty are the only real changes from level to level. 4 different game modes Bejeweled 2 Deluxe comes with four modes available to you from the start. You can choose between classic mode, action mode, puzzle mode or infinite mode. In classic mode, the matches you make fill a bar at the bottom of the screen. After filling in the ribbon, go to the next level (which needs even more matches to fill the ribbon). Action mode is where you need to be fast because you only have a limited amount of game time. Matches in this mode will increase the time before the end of the game. Puzzle mode provides a variety of different puzzles to complete with skillful matching gems. Endless Mode lives up to its name, with an endless gameplay experience in which you can never run out of moves or time. The additional four hidden game modes are unlocked by playing the first four modes that add even more challenge and complexity. Modes fit into a wide range of puzzle players, while Bejeweled 2 Deluxe does not provide multiple levels of difficulty, different modes can provide different challenges. Newer or less qualified players can play Endless Mode, in which you do not have to deal with the possibility of running out of moves or time. Players are looking for something a little more challenging, or something that requires a lot of thought you can find it in puzzle mode. Players who want something hectic that will keep them on the edge of their place will enjoy action mode. Apart from individual modes, there is always the possibility to get a hint (of the price of points) if you get stuck and can't find a match to make. Even without a difficulty setting, the game does a good job of providing something for players of all skill levels. It's easy to learn and play Like many other similar games, the controls for Bejeweled 2 Deluxe are simple. The only thing you need to do in the game is exchange gems that can be made by clicking the mouse. The game gives you a quick explanation and demonstration of how to swap gems and create matches before you start playing. As with many other matching puzzle games, the graphics in Bejeweled 2 Deluxe are not the most amazing thing you've ever seen. However, the simple nature of the game means you don't need cutting-edge or over-the-top visual effects. Also, the musical and effects will not be part of any soundtrack of the year. At the same time, they are net positive for the game. Repetitive but this can be a good thing, despite the different modes you can choose, the game can become repetitive as constantly change gems over and over again. This part never changes, regardless of the mode you play in. The game can be surprisingly addictive, which brings you back to play over and over again. As a result, Bejeweled 2 Deluxe is a game that you can play from a few minutes to hours. Conclusion – An addictive gem whether you absolutely love puzzle and matching games or have never touched them before, Bejeweled 2 Deluxe is an excellent game to play. Simple gameplay and controls make it an easy game to learn and get into, while different modes offer a wide variety of challenges to take on. It can be a little repetitive, but it can also be extremely addictive. Bejeweled 2 Deluxe is useful for anyone to play. Player reviews Average rating: (ratings)
